## Technical Release Notes

February 2016

### AcctMaintenance.dll

6.4.81	01/08/2016	I1507163	The system automatically generated customer number functionality has been added to Customer Maintenance.
		I1508041	Commission Group combo box now will exclude inactive commission group.

### AdminTools.dll

6.4.31	01/11/2016	I1601070	Corrected an issue with the previous release where new files were not being shown for update.
6.4.30	01/08/2016	I1509121	The Web Update form now forces the screen to update after each listed file has downloaded.
		I1512182	Modified to allow downloading a new DataTransfer even if the current one has not been applied. In this situation, only a new DataTransfer.exe and DataTransfer.mdb can be downloaded.

### AutoConfig.dll

6.4.82	01/08/2016	I1511141	Updated to restore correct functionality for the "Reconfigure and Config Search & Replace in batch mode" application preference as well as ensuring that the call to AutoConfig from sxEDIBridge works correctly when batch mode is enabled.
		I1511158	An adjustment has been made to ensure that the system will prompt price override message if the Update Prices checkbox is unchecked and the application preference "Reconfigure and Config Search Replace In Batch Mode" is enabled in the Configured Items Search and Replace Tool form.

### AutoUpdater.exe

6.4.24	01/08/2016	I1409158	Corrected issue with running data transfer upon a machine being set to update when using the new SQL server based sXRuntime.
		I0904215	Added Seradex.Win.InventoryCosting to the list of registrable DLLs.

### ClientReports.dll

6.4.49	01/08/2016	I1511264	An adjustment has been made to ensure that the subject or body for automated report does not require the special field.
		I1510245	The Estimate module will now support the use of alternate fields as the reprint field for multi report setup.
		I1506001	Added ability to launch Telerik reports from the switchboard, form menus, and the SDD report form.

### Commissions.dll

6.4.21	01/08/2016	I1508041	An adjustment has been made to the commission groups to allow the ability to set selected commission group to be inactive.
