Infragistics4.Documents.Core.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Documents.Excel.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Shared.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinChart.v13.1.dll

Seradex OrderStream

Technical Release Notes

March 2014

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinDataSource.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinEditors.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinGrid.ExcelExport.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinGrid.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinSchedule.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.UltraWinTabControl.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

Infragistics4.Win.v13.1.dll

6.4.0 03/05/2014 I1309159 Release Infragistics 2013.1.

InventoryAdjustment.dll

6.4.59 03/02/2014 I1310149 An adjustment has been made to the Inventory Adjustment form ensuring that when closing the form by using the window close button and the save button is enabled. If you decided to save upon closing of the form and fail any of the adjustment validation, the form will no longer close itself.

InventoryTransfer.dll

6.4.51 03/11/2014 I1402190 OrderStream has been updated to better handle the connection to SQL Server.
I1401271 Lot and Serial tracked inventory will now be allocated to inventory transfer details when using the Mass Inventory Transfer import from Excel.

Seradex OrderStream

Seradex OrderStream

Technical Release Notes

March 2014

Seradex.CommonServices.dll

6.4.21 03/05/2014 I1312127 A new set of logic has been added to for the Shop Floor Execution form to detect the new "Allow multiple employees to create Data Collection for the same operation in Shop Floor." preference.

Seradex.Employee.dll

6.4.10 03/05/2014 I1309159 Rebuilt to ensure compatibility with Security.

Seradex.Financials.FinancialsSystem.dll

6.4.50 03/05/2014 I1401111 Support payment onto Credit Card Accounts from a Bank account via the Make Payment option as opposed to just Cheques.

Seradex.Infragistics.dll

6.4.14 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Messaging.dll

6.4.3 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.OrderEntry.Bases.dll

6.4.8 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Production.Bases.dll

6.4.4 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Production.Calendar.dll

6.4.8 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Production.DataCollection.dll

6.4.12 03/05/2014 I1312127 An adjustment has been made to the data collection completion function to ensure the split completion have been closed correctly.

Seradex.Production.Maintenance.dll

6.4.6 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex OrderStream

Technical Release Notes

March 2014

Seradex.Production.ProductionTracking.dll

6.4.14 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Production.PunchClock.dll

6.4.9 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Production.Rework.dll

6.4.6 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Production.Scheduling.dll

6.4.28 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.
I1312127 Shop Floor Execution will now load the operation information differently depending on the "Allow multiple employees to create Data Collection for the same operation in Shop Floor." preference.

Seradex.Purchasing.ReceivingSystem.dll

6.4.6 03/05/2014 I1402091 Updated ASN Module to conform to new import data structure

Seradex.Search.dll

6.4.39 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Security.dll

6.4.13 03/05/2014 I1309159 Released to ensure compatibility with new files upgraded to Infragistics 2013.1.

Seradex.Utilities.CopyConfigurator.exe

6.4.0 03/05/2014 I1307148 The functionality that creates Locations, Product Line Property Defaults and Product Line Property Query Filters has been modified to copy all necessary data.
I1309159 Upgraded to Infragistics 2013.1.

Seradex.Utilities.GizaSystem.dll

6.4.2 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex OrderStream

Technical Release Notes

March 2014

Seradex.Utilities.ImportAdapterInterface.dll

6.4.3 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Utilities.OrderImport.dll

6.4.1 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.
I1312011 Added ability to populate in sales order details UserNum1, UserNum2, UserNum3

Seradex.Utilities.ProKitchenSystem.dll

6.4.0 03/05/2014 I1301075 Initial release of ProKitchen Import utility.
I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.BillOfLading.dll

6.4.7 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.CRMCampaigns.dll

6.4.10 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.DeliverySchedule.dll

6.4.8 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.Financials.dll

6.4.50 03/05/2014 I1401111 Support payment onto Credit Card Accounts from a Bank account via the Make Payment option as opposed to just Cheques.
I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.FixedAssetMgmt.dll

6.4.1 03/05/2014 I1108193 Corrected potential connection issue on closing this module.
I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.InventoryTransfer.dll

6.4.6 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex OrderStream

Technical Release Notes

March 2014

Seradex.Win.Invoice.dll

6.4.5	03/05/2014	I1108193	Corrected potential connection issue on closing this module.
		I1309159	Upgraded to Infragistics 2013.1.

Seradex.Win.MailMerge.dll

6.4.11	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
--------	------------	----------	----------------------------------

Seradex.Win.NonConformanceManager.dll

6.4.13	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
--------	------------	----------	----------------------------------

Seradex.Win.ProspectImport.dll

6.4.13	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
--------	------------	----------	----------------------------------

Seradex.Win.Receiving.dll

6.4.10	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
		I1402091	Updated ASN Module to conform to new import data structure
		I1312011	Added support for inheritance to allow custom applications to use the base receiving generator

Seradex.Win.RecurringTransaction.dll

6.4.6	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
-------	------------	----------	----------------------------------

Seradex.Win.Scheduling.dll

6.4.17	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
--------	------------	----------	----------------------------------

Seradex.Win.Search.dll

6.4.30	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
--------	------------	----------	----------------------------------

Seradex.Win.ShopFloorExecution.dll

6.4.20	03/05/2014	I1309159	Upgraded to Infragistics 2013.1.
--------	------------	----------	----------------------------------

Seradex OrderStream

Technical Release Notes

March 2014

6.4.20 03/05/2014 I1312127 Shop Floor Execution will now load the operation information differently depending on the "Allow multiple employees to create Data Collection for the same operation in Shop Floor." preference. A new form called "Operation Log" has been added to the Shop Floor Execution's Tools menu to allow employees that are supervisor to create finish time for selected data collection detail records for operations that has not been completed. A new validation has been added to the Shop Floor Execution form to ensure that when completing an operation. All data collection related to that operation beside the one that completing it, must contain a finish time to allow that operation to be completed.

Seradex.Win.UIBases.dll

6.4.15 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.UserDefinedPropertyMaintenance.dll

6.4.17 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

Seradex.Win.WorkFlow.dll

6.4.6 03/05/2014 I1309159 Upgraded to Infragistics 2013.1.

ServiceOrder.dll

6.4.40 03/02/2014 I1402079 Service order will no longer display an error when generating documents and no invoice is selected.
